Subject to (c) below, in all Semi Finals and Finals the team that has finished higher on the premiership ladder shall have the right to nominate one of its home grounds as the ground on which the Semi Final or Final is played. If the team that has finished higher on the premiership ladder does not nominate one of its home grounds as the venue for the Semi Final or Final, then the opposing team has the right to nominate one of its home grounds as the venue for the Semi Final or the Final. If the opposing team does not nominate one of its home grounds as the venue for the Semi Final or the Final, then the Premier Cricket Committee shall allocate a ground.  - (ii) If the Premier Cricket Committee allocates the Allan Border Field, or other suitable venue, Queensland Cricket shall have the obligations of the host.
- (e) Clubs shall be requested to make their grounds available for all Semi Finals and Finals, including matches in which their teams are not involved in. Should there be extenuating circumstances, which prevent a Club's grounds from being available for Semi Finals and Finals, the Club should outline the specific circumstances in writing to the Premier Cricket & Umpire Coordinator, no later than the 31 January each year.

 - (i) A team shall not be permitted to declare its innings closed.
 - (ii) A minimum number of overs specified in One Day Playing Conditions Clause 6.1 have to be bowled to the side batting second to constitute a match.
 - (iii) The calculation of the number of overs to be bowled shall be based on an average rate in the total time available for play, as indicated below:

Competition	Overs per Hour
Mens First Grade, Mens Second Grade, Boys Under 17	14.28
Mens Third, Fourth, Fifth and Sixth Grades Womens Second Grade, Girls Under 16	16
Womens First Grade	15.78

If a reduction of the number of overs is required, any recalculation must not cause the match to be rescheduled to finish earlier than the original cessation time. This time may be extended to allow for one extra over for both teams to be added if required.

- (b) If the team fielding second fails to bowl the required number of overs by the scheduled cessation time, the hours of play shall be extended until the overs have been bowled or a result achieved.
- (c) The team batting second shall not bat for a greater number of overs than the first team unless the latter has been all out in less than the agreed number of overs.
- (d) Fractions are to be ignored in all calculations regarding the number of overs.
- (e) Penalties shall apply for not bowling the required overs (0.5 points per over) (refer also to General Playing Condition 7.4(g) relating to circumstances of an extenuating nature). These penalties shall apply to One Day Competitions (or Two Day competitions for unscheduled One Day matches) and consequently Overall Competitions.

Delay or Interruptions to the Innings of the Team Batting First

- (f) If the number of overs of the team batting first is reduced, a fixed time will be specified for the completion of the first session, as calculated by applying the provisions of One Day Playing Condition 7.1, One Day Playing Condition 5.1(b) and One Day Playing Condition 7.3.
- (g) If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first session, play shall continue until the required number of overs has been bowled.

Delay or Interruptions to the Innings of the Team Batting Second

- (h) If there is a suspension in play during the second innings, the overs shall be reduced at a rate for time lost (One Day Playing Condition 7.1, One Day Playing Condition 5.1(b) and One Day Playing Condition 7.3 above apply), except that, when the innings of the team batting first has been completed prior to the scheduled or rescheduled time for the interval between innings, the reduction of overs will not commence until an amount of time equivalent to that by which the second innings started early has elapsed.

7.4 For any match interrupted after the start of play, see the provisions of One Day Playing Condition 8.2 – Calculation of Target Score.

7.5 Number of Overs Per Bowler

- (a) No bowler shall bowl more than the following number of overs in an innings.

Competitions	Overs
Mens First Grade, Mens Second Grade, Boys Under 17 Womens First Grade	10
Mens Third, Fourth, Fifth and Sixth Grades Womens Second Grade, Girls Under 16	8

- (b) In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption), except that where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.
- (c) When an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation, the bowler will be allowed to finish the incomplete over.
- (d) In the event of a bowler breaking down and being unable to complete an over, another bowler will bowl the remaining deliveries. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

8. LAW 16 THE RESULT

Law 16 shall apply subject to the following amendments:

8.1 Overs

- (a) A result can be achieved only if both teams have had the opportunity of batting for at least 15 overs, subject to the provisions of One Day Playing Conditions Clause 7.3, unless:
 - (i) one team has been all out in less than 15 overs; or
 - (ii) the team batting second scores enough runs to win in less than 15 overs.
- (b) All matches in which both teams have not had an opportunity of batting for a minimum of 15 overs, shall be declared No Result.

8.2 Delayed or Interrupted Matches – Calculation of the Target Score

All Competitions

- (a) If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum 15 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. The target score shall be calculated by two club officials or scorers (or player scorers as the case may be). The target score shall be confirmed by the umpires and communicated and agreed to by both captains prior to the recommencement of the match. This revised target is to be calculated using the Duckworth-Lewis-Stern Method.

8.3 Points

- (a) Preliminary Matches
 - (i) Refer to Regulation 15 for Competition Points.

8.4 Net Run Rate

- (a) A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.
- (b) In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.
- (c) Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under the Duckworth-Lewis-Stern method, for net run rate purposes Team 1 will be accredited with Team 2's Par Score on abandonment off the same number of overs faced by Team 2. Where a match is concluded but with the Duckworth-Lewis-Stern method having been applied at an earlier point in the match, Team 1 will be accredited with 1 run less than the final Target Score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

- (d) In matches where play is delayed or interrupted, and the match becomes less than the original number of scheduled overs, the Team Run Rate for the team batting second will be the rate achieved in its innings, with such rate being based on the number of overs as set in One Day Playing Conditions Clause 8.1 and the target score as set in One Day Playing Conditions Clause 8.2.

8.5 All Other Matches – A Tie or a Draw

- (a) In matches in which both teams have had the opportunity of batting for the agreed number of overs, subject to the provisions of One Day Playing Conditions Clause 8.2 the team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a Tie and no account shall be taken of the number of wickets that have fallen.

9. LAW 17 THE OVER

Law 17 shall apply, with the following amendments:

9.1 Womens Second Grade & Girls Under 16 Competitions only

- (a) Six balls shall be bowled in the over. Overs are to be a maximum of eight balls, including No Balls, Free Hits and Wides. These balls will be signalled and scored as per normal scoring procedure.
- (b) The final over of an innings shall be six valid deliveries.

10. LAW 21 NO BALL

Law 21 shall apply, with the following amendments:

10.1 Ball bouncing over head height of striker

Law 21.10 shall be replaced by the following provisions.

- (a) A bowler shall be allowed to bowl two fast short pitched deliveries per over.
- (b) A fast short-pitched ball is defined as a ball, which after pitching, passes or would have passed above shoulder height of the batter standing upright in their normal guard position.
- (c) The umpire at the bowlers end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.
- (d) In addition, a ball that passes clearly above head height of the batter, other than a fast short pitched ball, that prevents the batter from being able to hit it with their bat by means of a normal cricket stroke shall be called a Wide and will also count as an allowable ball above shoulder height for that over (subject to (e), (f) and (g) below).

- (e) In the event of a bowler bowling more than two fast short pitched deliveries in an over, the umpire at the bowlers end shall call and signal No Ball on each occasion. A differential signal shall be used to signify a No Ball for a fast short pitched delivery. The umpire shall call and signal No Ball and then tap the head with the other hand. In addition when the ball is dead, the umpire shall caution the bowler, inform the captain of the fielding side, the batter at the wicket and the other umpire of what has occurred. This caution shall apply throughout the innings.
- (f) If there is a second instance of the bowler being No Balled for bowling more than two fast short pitched deliveries in an over, the umpire shall repeat the procedure above and advise the bowler that this is their final warning for the innings.
- (g) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No Ball and when the ball is dead, direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall not have bowled the previous over or part thereof nor be allowed to bowl the next over/part thereof.
- (h) The umpire will report the occurrence to the other umpire, the batter at the wicket and as soon as possible to the captain of the batting side.
- (i) The umpires will then report the matter to Queensland Cricket which shall take whatever action is considered appropriate against the captain and bowler concerned.
- (j) This Playing Condition is not a substitute for the Law relating to Dangerous and Unfair Bowling that umpires may apply at any time.

10.2 Free Hit after a No Ball

- (a) The delivery following a No Ball called shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a free hit for whichever batter is facing it.
- (b) In the Womens Second Grade and Girls Under 16 Competitions, the Free Hit does not carry over to the next over if the final delivery is a No Ball (One Day Playing Condition 9.1a - eight ball limit).
- (c) For any free hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the free hit is called a Wide.
- (d) Field changes are not permitted for free hit deliveries unless:
 - (i) There is a change of striker (the provisions of clause 12 shall apply), or
 - (ii) The No ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.
 - (iii) The umpires believe a fielder is placed in a dangerous position for the free hit. In this instance, the umpires will allow the fielder/s that are in a dangerous fielding position for the free hit to move back in a straight line from their original position to (approximately) 15m from the batter. In the

case of a wicket-keeper, a movement will only be allowed if there is a change of bowler, where they will be allowed to move to the position they would normally stand for that bowler.

(iv) For clarity, the bowler can change their mode of delivery for the free hit delivery. In such circumstances Law 21.1 shall apply.

(e) The bowler's end umpire will indicate the free hit delivery by (after the No Ball signal) extending one arm straight upwards and moving it in a circular motion.

11. LAW 22 WIDE BALL

Law 22 shall apply with the following amendments to all competitions:

(a) Umpires are instructed to apply a strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.

(b) If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause (c) below:

(i) the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position, or

(ii) the ball passes above the head height of the striker standing upright at the popping crease.

(c) The ball will be considered as passing wide of the striker unless it is sufficiently within reach for them to be able to hit it with the bat by means of a normal cricket stroke.

(d) As a guideline to the umpires for the calling of wides, the crease markings detailed in the Wide Marking Appendix (Annexure O) shall be marked in white at each end of the pitch.

(e) A delivery passing the striker on the off side outside the Off Side Wide Line shall be a Wide provided they maintain a normal batting position and have not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Line shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Law 22.

(f) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether he has brought the ball within reach.

(g) A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless;

(i) the ball passes between the striker and the stumps.

(ii) the striker moves toward the off side and, in the umpires opinion, the ball would have made contact with the striker in a normal batting position.

- (iii) the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

12. LAW 28 THE FIELDER

Law 28 shall apply with the following amendments:

12.1 Fielding Restriction Circle (FRC)

- (a) Two semi-circles shall be drawn on the field of play with a radius (as per Table A) from the middle stump at either end of the pitch (see Annexure N – Field Marking Appendix). The ends of each semi-circle shall be joined to the other by a straight line drawn on the field on the same side of the pitch.

12.2 Restrictions on the Placement of Fielders

- (a) At the instant of delivery there shall not be more than the number of fielders on the leg side, as per Table A below.

TABLE A: Fielding Restrictions in Uninterrupted Matches	All Male competitions	Womens First Grade	Womens Second Grade	Girls Under U16
Size of FRC (measured from middle stump)	30 yards	23 metres	23 metres	23 metres
Number of fielders on leg side	5	5	5	4

- (b) In addition to the restriction contained in (a) above, further fielding restrictions shall apply to certain overs in each innings. The nature of such fielding restrictions and the overs during which they shall apply (hereinafter referred to as the Fielding Restriction Overs (FROs)) are set out in the following paragraphs.
- (c) The following fielding restrictions shall apply, at the instant of delivery:
- (i) FRO 1 - no more than two (2) fielders shall be permitted outside this fielding restriction area. In an innings of 40 or 50 overs, these are overs 1 to 10 inclusive.
 - (ii) FRO 2 - no more than four (4) fielders shall be permitted outside this fielding restriction area. In an innings of 40 or 50 overs, these are overs 11 to 40 inclusive (overs 11 to 50 inclusive for Womens First Grade)
 - (iii) FRO 3 - no more than five (5) fielders shall be permitted outside this fielding restriction area. In an innings of 50 overs, these are overs 41 to 50 inclusive (Mens First Grade, Mens Second Grade and Boys Under 17)
- (d) In the event of an infringement of any of the fielding restrictions in this playing condition, either umpire shall call and signal No Ball.

- (e) At the commencement of the second and third Fielding Restriction Overs of an innings, the umpire shall signal such commencement to the scorers by rotating an arm in a large circle.
- (f) In circumstances when the number of overs of the batting team is reduced, the number of Fielding Restriction Overs shall be reduced in accordance with the table below. For the sake of clarity, it should be noted that the table shall apply to both the 1st and 2nd innings of the match.
- (g) Where, in an interrupted innings, on resumption the recalculated number of Fielding Restriction Overs (as set out above) is no longer achievable, the actual number of Fielding Restriction Overs for that innings will be the closest achievable whole number.

1. **Played Under Management of QC**

- (a) All matches shall be played in accordance with the current Laws of Cricket, including Experimental Laws as recognised for the time being by Cricket Australia, as amended by the Board of Queensland Cricket on advice of the Premier Cricket Committee as set out in these playing conditions.
- (b) These playing conditions apply to all T20 matches. Where competitions are individually identified, such playing conditions are to apply to that competition only.

2. **Law 1 THE PLAYERS**

Law 1 shall apply with the following amendments:

2.1 **Mens Under 19 Competition**

- (a) A team shall consist of 12 players.
- (b) Only 11 fielders shall be on the field at any one time.
- (c) One player in each side shall not be permitted to bat. Unlimited interchange of fielders without restrictions from the players nominated to take part in the match shall be allowed. Should a player be injured and not be able to take their place in the field, the replacement fielder must in the first instance be one of the nominated players.

2.2 **Girls Under 16 Competition**

- (a) A team shall consist of 10 players.
- (b) Only nine fielders shall be on the field at any one time.
- (c) A Club shall not commence a match unless it has a minimum of seven players in attendance at the time set down for commencement of play. Once play has commenced, a Club can continue the match with any number of players not exceeding 10.
- (d) One player in each side shall not be permitted to bat. Unlimited interchange of fielders without restrictions from the players nominated to take part in the match shall be allowed. Should a player be injured and not be able to take their place in the field, the replacement fielder must in the first instance be one of the nominated players.

3. **LAW 6 THE PITCH**

3.1 **Law 6 shall apply with the following amendments:**

- (a) Black sightscreens are required for all matches where a white ball is used.

For the purpose of clarity, in the 2024/25 season this is:

- (i) Scheduled Mens First Grade, Mens Second Grade and Mens Under 19 T20 matches, and
- (ii) Womens First Grade matches.

4. **Law 11 INTERVALS**

4.1 Changing Agreed Times of Intervals

Law 11.4 shall apply as modified:

- (a) If the innings of the team batting first is completed prior to the scheduled time for the interval, the interval shall take place immediately and the innings of the team batting second will commence correspondingly earlier.
- (b) In circumstances where the side bowling first has not completed the allotted number of overs by the scheduled or re-scheduled cessation time for the first innings, the umpires shall reduce the length of the interval by the amount of time that the first innings overran. The minimum time for the interval will be 10 minutes.
- (c) On all occasions where play is delayed or interrupted, the umpires will reduce the length of the interval to 10 minutes.

4.2 Intervals for Drinks

Law 11.8 shall apply as modified:

- (a) No drinks intervals are permitted. An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires.
- (b) In the Girls Under 16 Competition, the provisions of this playing condition shall be strictly observed. However, in circumstances of extreme heat, the umpires may permit a drinks interval. An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires.
- (c) Any player taking drinks onto the field shall be dressed in proper cricket attire.

5. **Law 12 START OF PLAY; CESSATION OF PLAY**

Law 12 shall apply with the following amendments:

5.1 Duration of Match

- (a) Matches will consist of one innings per side, each innings being limited to 20 overs.
- (b) A minimum of five overs per team shall constitute a match.

5.2 Hours of Play

- (a) Refer to the competition fixtures for start times. No alteration of fixture or ground shall be made except by the Premier Cricket Committee via the Premier Cricket & Umpire Coordinator.
- (b) Each innings shall be 1 hour and 20 minutes in length, separated by a 15 minute interval between innings.

- (c) Queensland Cricket may also schedule matches to be played at night under lights, with a start time to be determined by Queensland Cricket.
- (d) In the event that a team that is required to travel between venues, is delayed by the first match and or traffic, and are not present 15 minutes prior to the scheduled time for the commencement of the second match, the hours of play (including the intervals) shall be postponed by 15 minutes. Should there be any further delays due to traffic, T20 Playing Condition 5.2 shall apply.
- (e) The hours of play for Semi-Finals and Finals shall be determined by Queensland Cricket.

5.3 Over-Rate Penalties

- (a) All sides are expected to have completed their overs within 1 hour 20 minutes playing time. In the event of a side failing to do so, the batting side will be credited with six runs for every over that has not been bowled by the scheduled or rescheduled cessation time. This will apply to both innings of the match. If the side batting second is credited with runs in this way and this consequently takes their score past that of the side batting first, then the match shall be deemed to be won by the side batting second. All penalties in this regard will be imposed at the end of the innings. Refer also to General Playing Condition 7.4 (g) which outlines allowances provided for circumstances of an extenuating nature.

- (b) The fielding side shall be in position to bowl the first ball of the final over of the innings at least 1 minute prior to scheduled or re-scheduled cessation time for the innings (calculated in accordance with clause 5.3 (a))

- (c) Where this requirement is not met, clause 11.2 (c) shall be varied and from the start of the next over after the point in time at which the cessation time is reached (and for the remainder of the innings) the number of fielders permitted to be outside the fielding restriction area referred to in clause 11.2 (c) shall be reduced by 1.

NOTE: For clarity, should the overs in which the In Game Over Rate Penalty is applied coincide with the Power Surge, a maximum of two fielders shall be permitted outside the fielding restriction area referred to in clause 11.2 (d)

- (d) If the innings is terminated before the scheduled or re-scheduled cut-off time, no over-rate penalty shall apply. If the innings is interrupted, the over-rate penalty will apply based on the re-scheduled cessation time for that innings.
- (e) The umpire shall inform the fielding team captain when taking the field for the first time and on every subsequent occasion if play is interrupted by the weather, the scheduled cessation time for that innings. The umpire at the bowler's end will inform the fielding captain, the batter and his fellow umpire of any time allowances as and when they arise. This matter will not be subject to retrospective negotiation. In addition, in all delayed or interrupted matches, the fielding team will be given one over's leeway.
- (f) In all reduced overs matches both teams will be given one over's leeway in addition to any time that the umpires might allow for stoppages. Allowances prior to a stoppage are carried forward for the purposes of this Playing Condition only. They do not influence the recalculated number of overs or the scheduled close of either innings.

6. **Law 13 INNINGS**

Law 13 shall apply with the following amendments:

6.1 Length of Innings - Uninterrupted Match [i.e. The match is neither delayed nor interrupted]

- (a) Each team shall bat for 20 overs unless all out earlier.
- (b) If the team fielding first fails to bowl the required number of overs by the scheduled time for the cessation of the first innings, play shall continue until the required number of overs has been bowled and T20 Playing Condition 5.3 shall apply. The team batting second shall receive its full quota of 20 overs irrespective of the number of overs it bowled in the scheduled time for cessation of the first innings.
- (c) If the team batting first is dismissed in less than 20 overs, the team batting second shall be entitled to bat for 20 overs.
- (d) If the team fielding second fails to bowl 20 overs by the scheduled time for the cessation of the second innings, the hours of play for the match shall, subject to conditions of ground, weather and light, be extended until the required number of overs has been bowled or a result has been achieved and T20 Playing Condition 5.3 shall apply.

6.2 Length of Innings - Delay or Interruptions to the Innings of the Team Batting First

- (a) When playing time has been lost, the revised number of further overs to be bowled in the match shall be based on a rate of four minutes per over based on the total remaining time available for play. When calculating the length of remaining playing time available for the match, the duration of the interval between innings will be taken into account as per T20 Playing Condition 4.1(c).
- (b) Should calculations regarding numbers of overs result in a fraction of an over, the fraction shall be ignored. In the event of a suspension occurring in the middle of an over, the number of total overs to be bowled in the match will be calculated as if the over in progress at the time of the interruption had been completed. The innings of the team batting first will continue from the point of the interruption.
- (c) The revision of the number of overs should ensure, whenever possible, that both teams have the opportunity to bat for the same number of overs. If the total number of overs in the match thereby calculated results in an odd number of total overs in the match, then one over shall be added, and the new total divided in half. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
- (d) To constitute a match, a minimum of five overs must be bowled to the side batting second, subject to the innings not being completed earlier.
- (e) A fixed time will be specified for the commencement of the interval and the close of play for the match, by applying a rate of four minutes per over in respect of each over already bowled and/or scheduled to be bowled in each innings. All relative delays, interruptions in play, and the duration of the interval will be considered.

- (f) If this calculation produces a close of play time that is earlier than the original time for cessation of play, then one additional over should be allocated to each team, with the interval and close of play times being recalculated accordingly.
- (g) If there is more than one interruption to the innings of the side batting first, the above calculations should always be based on the original scheduled close of play, rather than the rescheduled close resulting from the previous interruption.
- (h) If the team fielding first fails to bowl the revised number of overs by the specified time, play shall continue subject to conditions of ground, weather and light until the required number of overs has been bowled or the innings is completed. T20 Playing Condition 5.3 shall apply.

6.3 Length of Innings - Delay or Interruptions to the Innings of the Team Batting Second

- (a) When playing time has been lost and, as a result, it is not possible for the team batting second to have the opportunity of receiving its allocated, or revised allocation of overs in the playing time available, the number of overs shall be reduced at a rate of four minutes per over in respect of the aggregated lost playing time. Should the calculations result in a fraction of an over, the fraction shall be ignored.
- (b) Should the innings of the team batting first be completed prior to the scheduled, or rescheduled time for the commencement of the interval, then any calculation relating to the revision of overs shall not be effective until an amount of time equivalent to that by which the second innings started early has elapsed.
- (c) In the event of a suspension occurring in the middle of an over, the number of total overs lost will be calculated as above and the innings of the team batting second will continue from the point of the interruption.
- (d) A rescheduled time for the close of play will be fixed by applying a rate of four minutes per over in respect of each over already bowled and/or re-scheduled to be bowled in the innings. The timing and duration of all relative delays and interruptions in play with respect to the second innings will be taken into account in specifying this time. This calculation must not cause the match to finish earlier than the original time for cessation of play. If required, the original time shall be extended to allow for one extra over for the team batting second.
- (e) To constitute a match, a minimum of five overs must be bowled to the team batting second, subject to the innings not being completed earlier. The team batting second shall not bat for a greater number of overs than the first team unless the latter completed its innings in less than its allocated overs.
- (f) If the team fielding second fails to bowl the revised overs by the scheduled or re-scheduled close of play, the hours of play shall be extended subject to conditions of ground, weather and light until the overs have been bowled or a result achieved. T20 Playing Condition 5.3 shall apply.

6.4 For any match interrupted after the start of play, see the provisions of T20 Playing Condition 7.2 [Calculation of Target Score].

6.5 Extra Time

- (a) No extra time shall be permitted to make up for any time lost.

6.6 Number of Overs Per Bowler

- (a) No bowler may bowl more than four overs in an innings.
- (b) In a delayed or interrupted match, where the overs are reduced for both sides or for the side bowling second, no bowler may bowl more than one-fifth of the total overs allowed (unless such a number has been exceeded before the interruption). However, where the total overs are not divisible by five, an additional over shall be allowed to the minimum number of bowlers necessary to make up the balance.
- (c) When an interruption occurs mid-over and on resumption the bowler has exceeded the new maximum allocation, they will be allowed to finish the incomplete over.
- (d) In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be bowled by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

6.7 The Toss

- (a) For the Mens First Grade and Womens First Grade Competitions only, the captains shall toss for a choice of innings on the field of play and in the presence of one or both of the umpires. The toss must not occur earlier than 30 minutes, or later than 15 minutes, before the scheduled or any rescheduled time for the start of play.

7. Law 16 THE RESULT

Law 16 shall apply with the following amendments:

7.1 Overs

- (a) A result can be achieved only if both teams have had the opportunity of batting for at least five overs subject to the provisions of T20 Playing Conditions 6.2 & 6.3, unless:
 - (i) one team has been all out in less than five overs; or
 - (ii) the team batting second scores enough runs to win in less than five overs.
- (b) All matches in which both teams have not had an opportunity of batting for a minimum of five overs shall be declared No Result.

7.2 Delayed or Interrupted Matches – Calculation of the Target Score

- (a) If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum five overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. The target score shall be calculated by two club officials or the scorers (or player scorers as the case may be). The target score shall be confirmed by the umpires and communicated and agreed to by both captains prior to the recommencement of the match. This revised target is to be calculated using the Duckworth-Lewis-Stern Calculator.

7.3 Points

- (a) Preliminary Matches
 - (i) Refer to Regulation 15 for Competition Points.

7.4 Net Run Rate

- (a) A team's net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition.
- (b) In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed.
- (c) Only those matches where results are achieved will count for the purpose of net run rate calculations. Where a match is abandoned, but a result is achieved under the Duckworth-Lewis-Stern method, for net run rate purposes Team 1 will be accredited with Team 2's Par Score on abandonment of the same number of overs faced by Team 2. Where a match is concluded but with the Duckworth-Lewis-Stern method having been applied at an earlier point in the match, Team 1 will be accredited with 1 run less than the final Target Score for Team 2 off the total number of overs allocated to Team 2 to reach the target.

7.5 All Other Matches – A Tie or a Draw

- (a) In matches in which both teams have had the opportunity of batting for the agreed number of overs, subject to the provisions of T20 Playing Conditions 6.2 & 6.3, the team scoring the higher number of runs shall be the winner. If the scores are equal, the result shall be a Tie and no account shall be taken of the number of wickets that have fallen.
- (b) If there is a tie in a Semi-Final or Final, the teams shall compete in a Super Over to determine the winner.

8. **Law 17 THEOVER**

Law 17 shall apply, with the following amendments:

8.1 All T20 Competitions:

- (a) No bowler may bowl more than 4 overs in an innings.
- (b) In a delayed or interrupted match where the overs are reduced for both teams or the team bowling second;
- (c) For innings of rescheduled length of at least 10 overs, no bowler may bowl more than one-fifth of the total overs allowed. Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.
- (d) For innings of rescheduled length of between 5 and 9 overs, no bowler may bowl more than 2 overs.
- (e) In the event of a bowler, for any reason, is unable to complete an over, the remaining balls will be bowled by another bowler from the same end. Such part of an over will count as a full over as far as each bowler's limit is concerned.

8.2 Womens Second Grade & Girls Under 16 Competitions only (in addition to 8.1):

- (a) Six balls shall be bowled in the over. Overs are to be a maximum of eight balls, including No Balls, Free Hits and Wides. These balls will be signalled and scored as per normal scoring procedure.
- (b) The final over of an innings shall be six valid deliveries.

9. **Law 21 NOBALL**

Law 21 shall apply, with the following amendments:

8.1 Ball bouncing over head height of striker

Law 21.10 shall be replaced by the following provisions.

- (a) A bowler shall be allowed to bowl one fast short pitched delivery per over.
- (b) A fast short-pitched ball is defined as a ball, which after pitching, passes or would have passed above shoulder height of the batter standing upright in their normal guard position.
- (c) The umpire at the bowlers end shall advise the bowler and the batter on strike when each fast short pitched delivery has been bowled.
- (d) In addition, a ball that passes clearly above head height of the batter, other than a fast short pitched ball, that prevents the batter from being able to hit it with their bat by means of a normal cricket stroke shall be called a Wide and will also count as an allowable ball above shoulder height for that over (subject to (e), (f) and (g) below).

- (e) In the event of a bowler bowling more than one fast short pitched delivery in an over, the umpire at the bowlers end shall call and signal No Ball on each occasion. A differential signal shall be used to signify a No Ball for a fast short pitched delivery. The umpire shall call and signal No Ball and then tap the head with the other hand. In addition when the ball is dead, the umpire shall caution the bowler, inform the captain of the fielding side, the batter at the wicket and the other umpire of what has occurred. This caution shall apply throughout the innings.
- (f) If there is a second instance of the bowler being No Balled for bowling more than one fast short pitched delivery in an over, the umpire shall repeat the procedure above and advise the bowler that this is their final warning for the innings.
- (g) Should there be any further instance by the same bowler in that innings, the umpire shall call and signal No Ball and when the ball is dead, direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall not have bowled the previous over or part thereof nor be allowed to bowl the next over/part thereof.
- (h) The umpire will report the occurrence to the other umpire, the batter at the wicket and as soon as possible to the captain of the batting side.
- (i) The umpires will then report the matter to Queensland Cricket which shall take whatever action is considered appropriate against the captain and bowler concerned.
- (j) This Playing Condition is not a substitute for the Law relating to Dangerous and Unfair Bowling that umpires may apply at any time.

9.2 Free Hit after a No Ball

- (a) The delivery following a No Ball called shall be a free hit for whichever batter is facing it. If the delivery for the free hit is not a legitimate delivery (any kind of No Ball or Wide), then the next delivery will become a free hit for whichever batter is facing it.
- (b) In the Womens Second Grade and Girls Under 16 Competitions, the Free Hit does not carry over to the next over if the final delivery is a No Ball (T20 Playing Condition 8.2a - eight ball limit).
- (c) For any free hit, the striker can only be dismissed under the circumstances that apply for a No Ball even if the delivery for the free hit is called a Wide.

Field changes are not permitted for free hit deliveries unless:

- (i) There is a change of striker (the provisions of clause 12 shall apply), or
- (ii) The No ball was the result of a fielding restriction breach, in which case the field may be changed only to the extent of correcting the breach.

- (iii) The umpires believe a fielder is placed in a dangerous position for the free hit. In this instance, the umpires will allow the fielder/s that are in a dangerous fielding position for the free hit to move back in a straight line from their original position to (approximately) 15m from the batter. In the case of a wicket-keeper, a movement will only be allowed if there is a change of bowler, where they will be allowed to move to the position they would normally stand for that bowler.
- (iv) For clarity, the bowler can change their mode of delivery for the free hit delivery. In such circumstances Law 21.1 shall apply."
- (d) The bowler's end umpire will indicate the free hit delivery by (after the No Ball signal) extending one arm straight upwards and moving it in a circular motion.

10. **Law 22 WIDEBALL**

Law 22 shall apply with the following amendments to all competitions:

- (a) Umpires are instructed to apply a strict and consistent interpretation in regard to this Law in order to prevent negative bowling wide of the wicket.
- (b) If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if, according to the definition in clause (c) below:
 - (i) the ball passes wide of where the striker is standing or has stood at any point after the ball came into play for that delivery, and which also would have passed wide of the striker standing in a normal batting position, or
 - (ii) the ball passes above the head height of the striker standing upright at the popping crease.
- (c) The ball will be considered as passing wide of the striker unless it is sufficiently within reach for them to be able to hit it with the bat by means of a normal cricket stroke.
- (d) As a guideline to the umpires for the calling of wides, the crease markings detailed in the Wide Marking Appendix shall be marked in white at each end of the pitch.
- (e) A delivery passing the striker on the off side outside the Off Side Wide Line shall be a Wide provided they maintain a normal batting position and have not brought the ball within reach. If, in the opinion of the umpire, the striker has brought the ball within reach, the Off Side Wide Line shall be disregarded and the umpire shall apply a general interpretation consistent with the normal operation of Law 22.
- (f) Any delivery that passes the striker outside the return crease shall be a Wide regardless of whether he has brought the ball within reach.
- (g) A delivery passing the striker's stumps on the leg side without any contact with the striker's bat or person shall be a Wide unless;
 - (i) the ball passes between the striker and the stumps.
 - (ii) the striker moves toward the off side and, in the umpires opinion, the ball would have made contact with the striker in a normal batting position.

- (iii) the striker is attempting to play, or has aborted an attempt to play, a reverse sweep or switch hit. In this scenario only a delivery passing the striker outside the Off Side Wide Line on the leg side shall be a Wide.

11. **LAW 24 FIELDER'S ABSENCE; SUBSTITUTES**

Law 24 shall apply with the following amendments:

11.1 Substitute Fielders

- (a) A wicketkeeper shall only be replaced by a substitute if they have been injured or become ill and this occurred during the match.
- (b) Once the match has commenced substitute fielders shall not be permitted unless a player sustains an injury during the game.

12. **Law 28 THE FIELDER**

Law 28 shall apply with the following amendments:

12.1 Fielding Restriction Circle (FRC)

- (i) Two semi-circles shall be drawn on the field of play with a radius (as per Table A) from the middle stump at either end of the pitch (see Annexure N – Field Marking Appendix). The ends of each semi-circle shall be joined to the other by a straight line drawn on the field on the same side of the pitch.

12.2 Restrictions on the Placement of Fielders

- (a) At the instant of delivery there shall not be more than the number of fielders on the leg side, as per table below.
- (b) Power Play 1 (PP1) will operate for the first 4 overs of each innings in all competitions except Girls Under 16, with a maximum of 2 fielders permitted outside the Fielding Restriction Circle, at the instant of delivery.
In Girls Under 16 competition, Power Play 1 (PP1) will operate for the first 6 overs of each innings.
- (c) Power Play 2 (PP2) will operate for the remaining overs of each innings (excepting the "Power Surge" in 12.1 (d)), limiting the number of fielders permitted outside the Fielding Restriction Circle as per Table A, at the instant of delivery.
- (d) The following provisions apply to all competitions except Girls Under 16:
 - (i) For any 2-over period only from the 11th over of each innings, a "Power Surge" may be taken.
 - (A) The "power surge" is a floating two-over period during which the fielding team is allowed only two players outside the inner fielding circle.
 - (B) The batting side can call for this at any point from the 11th over of their innings.

(I) A batter must nominate the floating overs no later than the moment at which the umpire reaches the stumps at the bowler's end for the start of the next over.

(II) Once a batter has nominated the floating overs, the decision cannot be reversed.

(C) The fielding restrictions replicate those of Powerplay 1 (above).

(e) In the event of an infringement of clauses (a), (b), (c) or (d) above, either umpire shall call and signal NO BALL.

(f) In circumstances where the number of overs for the team batting first are reduced, the number of overs in regard to the restrictions in (b), (c) and (d) above shall be reduced proportionately at a ratio of 6:20 (30%) in accordance with Table B (below) for both the first and second innings. Fractions are to be ignored in all calculations regarding the number of overs.

(g) If, on resumption, the number of overs for fielding restrictions has already been exceeded, this should take effect immediately.

- (a) The incoming batter must be in position to take guard or for their partner to be ready to receive the next ball within 1 minute 30 seconds of the fall of the previous wicket. The incoming batter is expected to be ready to make their way to the wicket immediately after a wicket falls, and is expected to jog to the wicket.

Annexure D: Mid Season Transfer Form

E-Form to be completed at: <https://bit.ly/QPCplayerdispensationform>

Annexure E: Bowling Injury Prevention Policy

- (a) This policy applies to all competitions. For the purpose of this policy, a player's status shall be determined by their age on 31 August in the season in which the competition is played.
- (b) This policy applies to bowlers of medium pace or faster (as determined by the umpires). The umpires shall immediately notify the captains of both sides of each bowler who they determine is of medium pace or faster.

Age	Restriction	Minimum break between spells	
		Two Day Match	One Day Match
Under 18 & 19	Six overs maximum each spell Eighteen overs maximum per day	60 mins	30 mins
Under 16 & 17	Six overs maximum each spell Sixteen overs maximum per day	60 mins	30 mins
Under 14 & 15	Five overs maximum each spell Twelve overs maximum per day	60 mins	30 mins

- (c) A bowler who has bowled a spell of less than the maximum overs per spell may resume bowling prior to the completion of the necessary break, but this will be considered an extension of the same spell, and the maximum limit of overs for the spell will still apply. Following the completion of the spell, the normal break between spells will apply.
- (d) Where a bowler changes between medium pace (or faster) and slow bowling during a day's play, the following applies:
- (i) If the bowler begins with medium pace (or faster), the bowler is subject to the playing condition throughout the day.
 - (ii) If the bowler begins with slow bowling and changes to medium pace (or faster), the playing condition applies from the time of the change, and all overs of slow bowling bowled prior to the change shall not be taken into account in either the current spell or the daily limit.
- (e) Umpires shall monitor the overs bowled by players. In the event of a bowler attempting to bowl more than the permitted quota of overs relevant to their age group, the umpire[s] should advise the captain and/or coach that the permissible number of overs has been bowled. Umpires will record players that exceed the number of overs per match or per spell in a given match on the match report to Queensland Cricket. Should the bowler continue to bowl and exceed the relevant quota, the umpire[s] shall report the matter to Queensland Cricket. Umpires have no power to suspend a player who breaches this regulation from bowling.
- (f) This policy only provides guidelines and is not breached when a player exceeds the bowling restrictions. The purpose of the umpire's report on any player exceeding bowling limits is for Queensland Cricket and the player's Club to monitor bowling workloads.
- (g) The break between spells includes the lunch and tea breaks.
- (h) Please refer to the current Australian Cricket Junior Bowling Guidelines for further details in relation to bowling injury prevention.

- (i) The weekly recommended balls for a medium or faster pace bowler are outlined below:
 - (i) Under 15: 90-100 balls.
 - (ii) Under 17: 110-120 balls.
 - (iii) Under 19: Approximately 120 balls.

Annexure F: Super Over Procedure

1. Unless exceptional circumstances arise (as per clause 21), there shall be an unlimited number of Super Overs played to achieve a result.
2. The Super Over involves each team facing one over (unless all out earlier), and the winner shall be the team that scores the most runs from its one over innings.
3. The loss of two wickets in the over ends the team's one over innings.
4. In normal circumstances, it shall commence five minutes after the conclusion of the match. The Super Over will be played until completion, but if there are any delays or interruptions during the Super Over, extra time (taken from the start of the first Super Over) is allocated to complete the Super Over or any subsequent Super Overs. The amount of extra time allocated to the Super Over is the greater of the gap between the time at which the match ended and the time the original match would have been scheduled to finish had the entire extra time provision been utilised, or 20 minutes.
5. Should play be delayed prior to or during the Super Over(s) once the playing time lost exceeds the extra time allocated, the Super Over(s) shall be abandoned.
6. The Super Over shall take place on the pitch allocated for the match (the designated pitch).
7. Only nominated players in the match (including activated concussion replacements) may participate in the Super Over. Should any player (including the batter and bowler) be unable to continue to participate in the Super Over due to injury, illness or other wholly acceptable reasons, the relevant Playing Conditions as they apply in the match shall also apply in the Super Over.
8. Any penalty time being served in the match shall be carried forward to the Super Over.
9. The umpires shall stand at the same end as that in which they finished the match.
10. The team batting second in the match shall bat first in the Super Over. The balls used in the respective team's innings shall be used for the Super Over. If the ball needs to be changed, the Playing Conditions shall apply.
11. The fielding side shall choose the end from which it is to bowl its one over.
12. Each team's over is played with the same fielding restrictions that apply for the last over in a match played under the Playing Conditions.
13. The winners of the Super Over shall be the team which scored the most runs as per normal playing conditions, irrespective of the number of wickets lost.
14. If the Super Over is tied, then subsequent Super Overs will be played until there is a winner.
15. In normal circumstances, any subsequent Super Over will start five minutes after the previous Super Over ends. The interval shall be five minutes.
16. The team batting second in the previous Super Over will bat first in the subsequent Super Over.
17. The fielding side must bowl its over in a subsequent Super Over from the opposite end to which it bowled from in the previous Super Over.
18. Any batter dismissed in any previous Super Over shall be ineligible to bat in **any** following Super Over.
19. The bowler who bowled the over in the previous Super Over shall be ineligible to bowl the over in the subsequent Super Over.

20. All other playing conditions will be the same as for the initial Super Over.
21. If a Super Over cannot be completed due to ground, weather or light conditions, the team that finished higher on the points table at the conclusion of the preliminary matches shall be declared the winner.
22. In circumstances where there are unavoidable time constraints which do not allow the completion of multiple Super Over(s), Queensland Cricket may, prior to the start of the series and by notification to the participating teams, limit the number of possible Super Overs.

- (a) The fielding side shall provide a new ball in the first innings of all matches, and a playable ball [in the opinion of the umpires] in the second innings of any Two Day match.
- (b) After 80 overs of six balls have been bowled in any innings, the captain of the fielding side may use a new ball. Such a new ball must be provided by the fielding side.

3. Replacement Balls

- (b) The availability of replacement balls is the responsibility of the Home Club. The Home Club captain or representative is responsible for producing the supply of replacement balls prior to the toss. A minimum of six balls of varying ages/condition should be produced.

- (i) If the match is played at a neutral ground, the 'Home Club' is the Club named first in the fixture as stated on Play HQ

- (d) The initial supply and subsequent restocking of replacement balls is the responsibility of the Home Club.

Annexure I: Concussion Procedure

APPLICATION

This Concussion Procedure shall apply to all matches in Queensland Premier Cricket competitions.

INTRODUCTION

In the event a head trauma occurs, or the umpires suspect that a player may be concussed, a replacement player is allowed for the remainder of the match.

PROCESS

The replacement player shall be a similar type of player (best endeavours) who may immediately participate in the match as a complete replacement player for the Concussed Player.

The Concussion Substitute is permitted to bat, bowl, keep wicket or field as though they were a member of the starting 11. (or in competitions that allow a different number of players – e.g. Lord's Taverners, Paul Pink Shield – that number)

The team captain or a club official shall seek the prior approval of the umpires, who shall not unreasonably refuse a request. The umpires need only be reasonably satisfied that a head trauma occurred during the match.

The umpires shall then inform the captain of the opposing team.

OBJECTIVE

This procedure's objective is to permit the replacement of a player who is suspected of suffering from head trauma or concussion.

The opposing team shall not be unfairly disadvantaged by a team's choice of replacement player.

A team shall take reasonable steps to replace a concussed player with a similar type of player; however, the status of the match may permit other types of replacements, for example –

- A batter may be replaced by a bowler provided that the team will no longer bowl in the match;
- A batter may be replaced by a bowler subject to the captain's undertaking that the replacement will not bowl in the match;
- A bowler may be replaced by a batter provided that the team will no longer bat in the match or the bowler has been dismissed.

Annexure K: Code of Behaviour

Revised Code to be added in August 2024.

Annexure L: Intoxicated Player Policy

Note: This policy applies to all competitions.

A player under the influence of alcohol or a drug poses a potential risk to themselves and to other players, spectators and officials. An intoxicated player is not permitted to participate in a Queensland Cricket sanctioned match. Umpires have the authority to exclude the participation of intoxicated players from a match and will exercise that authority where appropriate to facilitate the continued safe conduct of matches.

1. Position Statement

The players of a match of cricket have an obligation to be in a condition suitable for effective and safe play. Queensland Cricket wants to promote sobriety in the game and all players and their clubs are to support this policy.

2. Scope

All participants (players and umpires) in matches under the management of Queensland Cricket.

3. Aims

- (a) Improve player safety and sobriety.
- (b) Reduce the risk of injury to players, officials and spectators.
- (c) Assist umpires to determine the standard required of players.

4. Associated Documents

- (a) "The Laws of Cricket" Marylebone Cricket Club 2022
- (b) "Regulations governing Premier Cricket Competition Matches" QCA.

5. Principles

The following principles apply to the application of this policy:

- (a) Umpires have a discretion to apply the policy;
- (b) The use of a direction is likely to be a rare event;
- (c) Incidents to which the policy will apply are likely to be obvious; and
- (d) Mere intoxication is not considered to be an automatic breach of this policy or the Code of Behaviour.

6. Definitions

'Intoxicated' – visibly or demonstrably adversely affected by alcohol, drugs, or other agents, (whether prescribed or not) or any other condition, to a degree that would:

- (a) Apparently affect the overall ability to play and behave in a normally acceptable manner on the field of play; or
- (b) Endanger their own safety or others; or

- (c) Cause to bring the game into disrepute.

7. Application

7.1 General – Opinion, Explanation and Direction

- (a) If an umpire forms the opinion that a player is intoxicated, the umpire shall advise the player and the player's captain or club of that opinion and require the player, captain or the club to explain why the player should be allowed to participate in that day's play.
- (b) If an umpire is not satisfied with the explanation, the umpire will maintain the opinion that the player is intoxicated and direct the player to be stood down from the match ["a direction"].
- (c) On receipt of a direction from an umpire, the captain or the Club shall stand down the intoxicated player from the match for the duration of that day's play.
- (d) A failure to stand down the intoxicated player after a direction shall render both a player and a Club liable to such sanctions as are stated in this policy and any other sanction as determined by the governing body responsible for the match.

7.2 Umpire's Direction given prior to play

- (a) Where a direction is given prior to the toss for the choice of innings, the Club so affected shall be entitled to nominate a replacement player with full playing rights for the duration of that day's play.
- (b) Until the nominated replacement arrives a substitute player may field under the Substitute Fielders Law [Law 24].

7.3 Umpire's Direction given after play commences

- (a) Where a direction is given after the toss for the choice of innings, the intoxicated player shall not take the field, or shall leave the field immediately and a Club representative shall be notified.
- (b) An intoxicated player not taking the field, or leaving the field may not participate in the match for the duration of that day's play. The Club so affected shall not be entitled to a replacement player, although a substitute may field, if required, for the duration of that day's play. The Substitute Fielders Law will apply.
- (c) An intoxicated player who is a batter leaving the field, or not commencing their innings shall be recorded as "Retired – Out" and shall not bat again for the duration of that day's play.

7.4 Match duration of more than one day

- (a) In matches of more than one day, any intoxicated player stood down under this policy may return to the match on the next scheduled day of play with full playing rights, provided they present themselves in a condition suitable for effective participation in the match and no further playing restriction has been imposed on the player, either by the player's Club or the governing body responsible for the match.

7.5 No Umpires – Captains' Responsibility

- (a) In the event that no official umpires are in attendance at the match, the captains shall assume the role of the umpires for the purposes of this policy. If a captain is one of the concerned players, the affected team shall nominate a senior player to act in the captain's place.

8. SANCTIONS

8.1 Player – Exclusion

- (a) If the intoxicated player accepts the direction, the only penalty is exclusion from the day's play.
- (b) If the intoxicated player refuses the direction and insists on playing, then that action is to be regarded as a breach of the Code of Behaviour and a report must be made by the umpire.

8.2 Club and Team - Forfeit

- (a) If the intoxicated player refuses to adhere to the direction, the player's Club and team captain must show responsibility and follow the umpires' direction and exclude the player from the day's play.
- (b) If the intoxicated player's Club and team captain do not support the direction, the umpire will enter a forfeit by the intoxicated player's team as the outcome of the match and a report will be made by the umpires on the Club, captain and player.

9. APPEAL

- (a) The intoxicated player, or Club, can appeal under the Queensland Cricket Appeals Tribunal procedures.

HELMET POLICY UPDATE SEASON 2024/25

APPLICATION

This updated Helmet Policy shall apply to all matches in Queensland Premier Cricket for the 2024/25 season.

INTRODUCTION

Queensland Cricket – supported by Premier Cricket clubs - has updated the Helmet Policy, following from recent changes made to the Australian Cricket Concussion and Head Trauma Guidelines.

WHAT HAS CHANGED?

In addition to the current Helmet Policy, it will be compulsory for the batters to wear a British Standard 7928:2013 compliant helmet **with a neck protector** when batting against fast or medium-paced bowling in the following competitions:

- Mens First Grade, Mens Second Grade, Mens Under 19
- Womens First Grade

It will also be compulsory for all junior cricketers (those under 18 years of age) in ALL Premier Cricket competitions to wear a British Standard 7928:2013 compliant helmet **with a neck protector** at all times when batting.

For players over 18 years of age in other Premier Cricket grades, they will continue to be required to wear a British Standard 7928:2013 compliant helmet at all times when batting against fast or medium-paced bowling. A neck protector will be recommended, however not compulsory.

OBJECTIVE

This policy's objective is to improve the safety of batters and to reduce the potential for concussion and head trauma to occur in Premier Cricket competitions.

ENFORCEMENT

Umpires continue to be responsible for ensuring that a helmet (and neck protector where applicable) are being worn when required by the policy.

HOW DO I GET A NECK PROTECTOR?

Many helmets that have been sold in the past 5 years may already be compliant with the policy as they may have had the neck protection attachments supplied when purchased. If you do not have the neck protection attachments then your helmet may be able to be retrofitted.

Contacting a helmet supplier to check this is advised:
